## Class 02 – ASSIGNMENT 05

### FLOWCHARTS

**Please draw a logical flowchart for this problem:**

- ✓ The software must ask 3 numbers to the user
- ✓ The software must say which number is the highest
- ✓ You are not allowed to use AND / OR in your decision elements in the flowchart
  - Each decision element must represent only one condition

**How the program should interact with the user:**

Enter Number 1	—
Enter Number 2	—
Enter Number 3	—
The biggest number is	—
